## UI/UX Designer/Developer

UI/UX Developer with 4 years in UI/UX design and 6 years in front-end development. Expertise in usability testing, wireframing, and responsive design. Increased user engagement by 20% using Hotjar for discovery and surveys. Designed dashboards to enhance productivity and collaboration across teams within the organization.

## WORK EXPERIENCE

### World Shipping Inc. | Rocky River, OH Jul 2019 - Jan 2024 UI/UX Developer

- Conducted research, analyzed feedback, and iterated designs to align with user needs and business objectives.
- Utilized wireframes, prototypes, and mockups to communicate design ideas and gather feedback from the product team to communicate with developers.
- Increased user engagement by 20% using Hotjar for discovery and surveys. Designed dashboards to enhance productivity and collaboration across teams within the organization.

### Developer

- Developed and implemented schema designs and data models per application requirements with MongoDB.
- Managed, updated, and created new dashboards using HTML, PHP, Javascript, React.JS, and MaterialUI.
- Used version control systems such as Git for code management and collaboration.
- Created stored procedures and SQL queries within MySQL for security and increased performance.

### HKM Direct Market Communications | Cleveland, OH May 2018 - Jun 2019 Developer Analyst

- Customize themes to meet business requirements and create a unique user experience between three Shopify sites.
- Provided technical support and troubleshooting for three Shopify stores and implemented and customized third-party apps and integrations as needed.
- Create documentation on new integrations and customizing themes within Shopify.
